

# Just around the Bend, . . .

## *Les histoires nous réunissent! Stories Connect Us!*

RWBB 's theme for I Love to Read/J'aime lire is Les histoires nous réunissent - Stories Connect Us. During the month of February, students are invited to complete Reading Challenges at home which includes a variety of fun reading activities. Students who complete all the challenges will have their name entered in a draw for a gift card on Feb. 28. We will have guest readers, whole school assemblies and in-class reading challenges throughout the month. We love reading at RWBB and look forward to a month of fun activities to celebrate J'aime lire!

## **Festival du Voyageur Week:**

From February 18-21 RWBB will be celebrating Festival du Voyageur. We will be dressing up as Voyageurs, make ice sculptures, and everyone will be able to enjoy a taste of bannock.

## **Progress Conversations:**

February 18 – 20 will be RWBB Progress Conversations. We are excited to offer in-person meetings with the option of a virtual or phone meeting if you are unable to attend. Appointments will be by request only, either by a teacher or a parent. Times will be scheduled for you by your child's teacher and he/she will be in contact with you.

## **Valentine's Day:**

RWBB will wear red and white to celebrate Valentine's Day. A note will be going home with your child from their teacher with direction/instructions about in-class events such as cards and treats for the classroom.

## **PAC NEWS:**

**Valentine's Day Dance:** PAC will be hosting a Valentine's Day Family Dance on Friday, February 7<sup>th</sup> from 6:00 – 9:00 pm at the Stonewall Royal Canadian Legion, 459 Main St. Stonewall. Parental accompaniment is mandatory to attend. Snacks, drinks, pizza will be available for cash purchase.

**Hot Lunch:** Friday, March 14<sup>th</sup> will be the next PAC hot lunch, watch for a note in your child's agenda.

## **Weather-Related School Guidelines:**

In determining whether or not our students will be outside for a full or shortened activity break, RWBB uses our own local weather station to determine the temperature and windchill at our specific location. These readings are typically different than the broader, regional data posted by Environment Canada. We apply the data from our weather station to the Divisional Guidelines for shortened or indoor recess. You can find the explanation on our website:
