

Grade 3 English Earth Day Warriors

Over the past few weeks, our Grade 3 students have been busy learning about Earth Day and how we can all do our part to take care of our planet. As part of our learning, students read books and articles about the importance of protecting the environment and discussed everyday actions we can take to make a difference.

To put our learning into action, our class participated in a town garbage clean-up. With gloves, garbage bags, and lots of enthusiasm, students helped clean up a local area and saw firsthand the impact of community action. It was a great way to celebrate Earth Day and show that even small efforts can help make the world a cleaner, greener place.

Way to go Grade 3 English
